APPLICATION AND SEARCH MANAGEMENT

There are no guarantees in recruitment, but our rigorous and in depth approach means that all measures are taken to achieve success.

- In-depth briefing to gain an understanding of your culture, company, vacancy and candidate specification
- Place job advertisements in the media
- Conduct comprehensive searches based on your requirements
- Screen initial applicants; followed by in depth telephone interviews with suitable candidates
- Forward short-listed applicants for client perusal
- Arrange interviews with selected candidates to meet with the client in a time frame specified.
- Undertake psychometric testing* with candidate (if required by the client)
- Negotiate an offer and confirm start date

CUSTOM SOLUTIONS

We will tailor make our recruitment solutions to suit your individual needs. Weather it is a simple advertisement or through to the full recruitment cycle.

WEB SOLUTIONS

We are able to offer you a 'Search & Select' service where we will source and pre-screen applications dependent upon your attributes and specifications requirements.

HEADHUNTING SOLUTIONS

If you have a unique vacancy; as well as advertising and sourcing candidates we are able to headhunt candidates within a specific industry. Meaning that you get in contact with high calibre candidates that were not necessarily on the job market.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
